

# Centre of Excellence

## PREREQUISITE

In order to be considered for HSI Centre of Excellence and for Educational Course endorsement, you must meet the following regulations:

1. Medical college/ Hospital/ Nursing home must have a minimum of 50 beds
2. Courses must be directed or coordinated by a HSI member.
3. The Centre must offer a variety of hernia repair of both open and laparoscopic technique with clinical outcome audited or published in peer-reviewed Journals
4. Two or more courses must be held per year at the Hospital in the surgical fields and at least one hernia Course per year
5. The center must be equipped with adequate facilities for lectures and hands on training on dry lab. Virtual surgical simulators are optional.
6. The course director and the faculty members must have appropriate clinical and/or laboratory expertise to educate the participants. If live surgery procedures are performed, instructors must have adequate clinical experience in those procedures.
7. The Curriculum of the Centre/Course must teach and include: Patient's selection; instrumentations; Clinical Outcome, Surgical Procedures and Techniques; Follow-up; Pre and Postoperative Care, Complications, etc.
8. The HSI endorsement is valid only for one year and can be renewed and only for Course related to Hernia and Abdominal Wall Surgery.
9. The Institution organize the Course must offer CME credits
10. All brochures and faculty lists must be submitted to the HSI office for annual review. If review shows a course below standards and if deficiencies are not corrected following notification by HSO, the Training Center endorsement will be suspended. A feedback from the participants of each Course must be collected and reported to the HSI for evaluation.
11. The Endorsment/Recognition is valid for three years only and can be renewed.
12. No Application Fee is required.

## BENEFITS

1. The Centre will be listed in the HSI Website
2. The Courses will be promoted and listed in the HSI website
